### Academic Dishonesty

In accordance with EIA (local) policy, a student found to have engaged in academic dishonesty shall be subject to grade penalties on assignments or tests and disciplinary penalties in accordance with the Student Code of Conduct. Academic dishonesty includes cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or another supervising professional employee, taking into consideration written materials, observation, or information from students.

### Homework Expectations:

Anything you do not finish in class is homework unless told otherwise.

### Grading Standards:

Teachers are required to record a minimum of one minor grade per week and a minimum of three major grades per grading period for each content area. Teacher discretion may be used to determine what assignments constitute a minor or major grade, except for district-required Curriculum Based Assessments which are to be recorded as a major grade and eligible for reassessment. Students have five school days from the time an assignment or test is returned to the student to receive re-teaching and to re-do assignments or take re-tests. The re-teaching, re-submitting, and re-testing within the five school days is scheduled at the discretion of the teacher. Corrections made to an assessment do not constitute a reassessment. Students must participate in re-teaching prior to any assessment. Students may re-submit assignments and re-test only one time per assignment. The following assignments are not eligible for resubmission: major projects and midterm, final, and benchmark assessments. Students have two school days from the time a missing grade is posted in the grade book to make up the missing work. Students may receive a maximum grade of 70 on all missing or re-submitted assignments and tests. When a re-test or re-assessment occurs, grades should be assigned in the following manner:

If a student scores a grade of 70-100; a grade of 70 should be entered in the gradebook

If a student scores a grade of 0-69; the higher of the two scores (original grade or re-test) should be recorded in the gradebook.

### Reteaching and Reassessment for Mastery:

Students not mastering an objective standard will have the opportunity to be re-taught and reassessed a second time.

Re-teaching may occur in a variety of ways and in different settings. This may or may not be scheduled during class time, but must be pre-announced so that students may plan accordingly. The number of re-teaching opportunities such as independent practice, activities, and/or ongoing homework, depends upon the professional judgment of the teacher and are required to strengthen skills prior to a second assessment. For reassessment, the teacher may not use the same assessment to determine mastery.

### Late Work:

Students are expected to complete all assignments. If a student fails to complete assignments or if late assignments become a concern for that student, teachers will notify the parent or guardian and the campus designee.

1. Students will be expected to make-up assignments and tests after an absence. A student shall be responsible for obtaining and completing the make-up assignments in a satisfactory manner and within the time specified by the teacher.
2. The District shall not impose a grade penalty for make-up assignments after an unexcused absence.

- 3.The District shall not impose a grade penalty for make-up assignments after an absence becauseof suspension.
- 4.Students may be required to attend a teacher or campus program to complete any missingand/or unsatisfactory assignments turned in after the due date for a maximum grade of 70.Non-compliance may result in disciplinary action.**
- 5.Any assignments not completed and submitted may be given the grade of a zero.**
